

## 1,000 TEACHERS FOR MEET TODAY

Instructors Of Northeast Oklahoma Flock to Tulsa for Session.

### ROOMS IN BIG DEMAND

Harry H. Rogers to Deliver Address of Welcome; Boy Scouts to Aid.

With the stage all set and teachers arriving on every train from all parts of the state, the first session of the two-day meeting of the northeast Oklahoma Educational Association will be held in the high school auditorium at 10 o'clock this morning.

Committees still are at work hunting housing accommodations for the 1,000 delegates to the meeting. According to E. K. Oberholzer, superintendent of schools, almost enough rooms have been secured to take care of the visitors.

This morning's session will open with an invocation by Dr. Arthur Lee Odell, Harry H. Rogers, president of the chamber of commerce, will deliver the address of welcome. J. J. Tiche, superintendent of public schools of Muskogee, will respond on behalf of the visitors.

The afternoon session will also be held in the high school auditorium, as will the meeting Saturday morning and Saturday afternoon. To-night's meeting will be the most important of the convention, will be held in the convention hall at 8 o'clock.

Tulsa boy scouts have offered their services to the convention and under the direction of John M. Lindley, scout executive, will serve as guides, messengers and in a number of other capacities.

### BROTHER OF TULSA KILLED

A. P. Clay Left Last Night For Ad-

dition, Kan.; Auto Victim.

A. P. Clay, 1825 West Bowen, left Tulsa last night at 10:15 o'clock for Ad-dington, Kan., in response to a message that his brother, H. H. Clay, was killed Wednesday when the car he was driving turned turtle. His wife also was seriously injured.

Mr. and Mrs. Clay were leaving Ad-dington on their way from Tulsa Springs to their home at Medicine Lodge, Kan. Clay was a pioneer settler in the Medicine Bluff country and was well known throughout the state. Clay and the late Joe McNeal of Tulsa, for several years rode Kansas ranges together. He also was an intimate friend of Eugene and Old Lorton and other Tulsa men.

Gerald P. Chisholm, district supervisor of the Loyal Order of Moose, is recuperating from an incipient attack of "flu."

### In Bank Accounts Oklahoma Is 14th Controllor Finds

World's Washington Bureau.

WASHINGTON, Nov. 27.—The state of Oklahoma stands 14th in the number of individual national bank accounts.

A statement by John Skelton Williams, controller of the treasury, today showed the total number of these accounts as 144,418. These are more individual accounts in Oklahoma than in any of the populous states of Missouri, Michigan, Kansas, Tennessee, Kentucky and West Virginia. Tulsa made 7th place in Oklahoma in the number of deposits.

### IS JUST ANOTHER TRIANGLE

Arrest of Washington Man Develops Wife Desertion and Forgery.

WASHINGTON, Nov. 27.—It was only another case of the eternal triangle.

This was the couple's understanding today when George Campbell Chatterton was arraigned on a statutory charge and one of forgery.

The other side of the triangle was Miss Adolphus Sharp, a pretty wife of a Tulsa merchant, who in Tulsa, Okla., was charged with desertion and forgery.

It is alleged Chatterton posed as a single man and took Miss Sharp to Philadelphia, where she declares they went through a marriage ceremony, which she afterwards learned was only a ruse.

Financial difficulties arose. Miss Sharp cashed checks, which she declared she believed were good and always she turned the money over to Chatterton.

Miss Sharp was arrested for cashing bogus checks and her alleged lover fled to New York. He wrote to her that the "Washington police are too slow to trap me." He was mistaken, however, and now the triangle is shattered.

It was said these cities include Chicago, Pittsburgh and Cleveland and the search may extend into Canada.

Following the report of an expert from the United States bureau of mines that the chemicals could have been mixed into deadly explosives, the federal authorities and the police are now seeking to ascertain what use the Russian extremists intended to make of their hidden store.

Last year for the first time the United States exported more tin plates than Wales, heretofore the leader in the industry.
